Chris Flint Ltd

"The dirtiest job is working indoors, pre-treating and cleaning walls!"

Newton & Daughter

"We're working on a three-storey 1901 house, refurbishing walls, woodwork, doors, windows, frames, chimney, tiles, everything. There is a lot of dust and grime."

Environmental Services

"You can imagine that I come across every type of filth imaginable. I never go home clean."

Robert Roe Decorating

"I find exterior decorating often leaves me covered in paint specks, it's having to reach up and paint invariably drips on me!"

THIS MONTH'S GRIMIEST BUILDER!

"We get asked to recover all sorts of vehicles from all sorts of places but the worst one we've had in a while was a digger out of a lake. So we set about draining some water out, but the mud, sludge and everything else that gets thrown into lakes was very deep. You can see the result!"
