[www.catnic.com](http://www.catnic.com)

Catnic's Thermally Broken Lintel is the most thermally efficient steel lintel solution on the market. Its design delivers the thermal performance of two separate lintels, enabling a complete thermal break between the inner and outer leaf of a cavity wall. The result is a BRE-certified energy transmittance Psi value of 0.02 to 0.05 W/mK with no compromise to structural performance.

**3 WREKIN'S POS**

[www.wrekinproducts.com](http://www.wrekinproducts.com)

Wrekin Products has created a new ready-to-display POS unit to help builders' merchants attract attention from landscapers for its FasTrack 609 woven geotextile for separating layers and suppressing weeds.

The freestanding POS display is a branded cardboard unit containing 10x50 m2 Minipacks. Easy to use – simply remove the outer casing of the box and the unit is ready to display.

Designed for separation of sub-soils and stone fills, FasTrack is a permeable geotextile that is simple to install and provides a robust separating layer for minimum cost.

**4 HITACHI GOES SUPERFAST**

[www.russellrooftiles.com](http://www.russellrooftiles.com)

Russell Roof Tiles' new Bute thinner leading edge tile forms part of Russell's new Natural range of concrete tiles that have the appearance of slate, clay and stone. Bute's double tile format has a mock joint and gives the appearance of small slates or tiles, when laid broken bonded. It is available in 11 colours and with options for either a 145mm or 165mm head lap.

P C Henderson's Roomflex hardware helps meet the changing needs of a family home.

The internal folding door system makes the most of the space and privacy available in family homes.

Roomflex is capable of carrying doors of up to 35kg which when fully open, stack up neatly to maximise the opening space. The system is available in three kits which can be mixed and matched to provide up to five different configurations. Roomflex does not require a bottom channel, allowing the floor space to flow with no hazards.

**1 BIG WIPES HAND CREAM OFFERS MIGHTY DEFENCE**  
01628 567 700  
[www.bigwipes.com](http://www.bigwipes.com)

Big Wipes have released a new specially formulated handcream for use on building sites.

Big Wipes Hand Cream has a powerful combination of urea and alpha hydroxyl acids (AHAs) to make a high performance treatment cream that rapidly relieves dry skin and helps strengthen the skins barrier function and improves it's ability to hold moisture.

It is non-greasy and alcohol and fragrance free and it recommended by dermatologists to increase moisture concentration and improve skin texture.
